## Guest of Honour

### Gary Thatcher

**Gary Thatcher** is a successful entrepreneur whose career journey highlights the power of resilience and ambition.

After an early setback in property investment, Gary went on to build a global business in retail, collaborating with world-leading brands and even members of royalty.

In 2019, he founded **The Retail Summit** in Dubai — a world-class event that brings together senior leaders and CEOs from some of the most respected retail brands across the globe. The summit quickly became a major international success, attracting thousands of visitors each year.

Having sold the business in 2025 for several million pounds, Gary is now developing his next venture, continuing to demonstrate that perseverance and self-belief can turn challenges into opportunity.
