2 Purpose of CCTV

- 2.1 The School uses CCTV for the following purposes:
 - 2.1.1 To provide a safe and secure environment for pupils, staff and visitors
 - 2.1.2 To prevent the loss of or damage to the School buildings and/or assets

- 3.1 The system comprises a number of fixed and rotating cameras located around the school site which are operated and monitored by the Facilities Manager/School Business Manager.
The Information Commissioner's Office CCTV Small User Checklist compliance advice will be completed annually by the Facilities Manager.

5.2 The School will adopt a privacy by design approach when installing new cameras and systems, taking into account the purpose of each camera so as to avoid recording and storing excessive amounts of personal data

6 Management and Access

- 6.1 The CCTV system will be managed by the Facilities Manager
- 6.2 The viewing of live CCTV images will be restricted to the Facilities Manager, School Business Manager, Senior Leadership Team and Heads of Year as required by the circumstances present at that time
- 6.3 Recorded images which are stored by the CCTV system will be restricted to access by the Facilities Manager, School Business Manager, Senior Leadership Team and Heads of Year as required by the nature of the content of the recordings
- 6.4 No other individual will have the right to view or access any CCTV images unless in accordance with the terms of this policy as to disclosure of images

 - 7.3.1 CCTV recording systems being located in restricted access areas;
 - 7.3.2 The CCTV system being encrypted/password protected;
 - 7.3.3 Restriction of the ability to make copies to specified members of staff

8 Disclosure of Images to Data Subjects

- 8.1 Any individual recorded in any CCTV image is a data subject for the purposes of the Data Protection Legislation, and has a right to request access to those images
- 8.2 Any individual who requests access to images of themselves will be considered to have made a subject access request pursuant to the Data Protection Legislation
- 8.3 When such a request is made the Facilities Manager will review the CCTV footage, in respect of relevant time periods where appropriate, in accordance with the request. A Request for CCTV Viewing/Recording Form (Appendix 1) must be completed.
- 8.4 If the footage contains only the individual making the request then the individual may be permitted to view the footage. This must be strictly limited to that footage which contains only images of the individual making the request. The Facilities Manager must take appropriate measures to ensure that the footage is restricted in this way
- 8.5 If the footage contains images of other individuals then the School must consider whether:
 - 8.5.1 The request requires the disclosure of the images of individuals other than the requester, for example whether the images can be distorted so as not to identify other individuals;
 - 8.5.2 The other individuals in the footage have consented to the disclosure of the images, or their consent could be obtained; or
 - 8.5.3 If not, then whether it is otherwise reasonable in the circumstances to disclose those images to the individual making the request.

8.6 A record must be kept, and held securely, of all disclosures (Appendix 1) which sets out:

- 8.6.1 When the request was made;
- 8.6.2 The process followed by the Facilities Manager in determining whether the images contained third parties;
- 8.6.3 The considerations as to whether to allow access to those images;
- 8.6.4 The individuals that were permitted to view the images and when; and
- 8.6.5 Whether a copy of the images was provided, and if so to whom, when and in what format.

9 Disclosure of Images to Third Parties

9.1 The School will only disclose recorded CCTV images to third parties where it is permitted to do so in accordance with the Data Protection Legislation

9.2 CCTV images will only be disclosed to law enforcement agencies in line with the purposes for which the CCTV system is in place

9.3 If a request is received from a law enforcement agency for disclosure of CCTV images then the Facilities Manager must follow the same process as above in relation to subject access requests. Detail should be obtained from the law enforcement agency as to exactly what they want the CCTV images for, and any particular individuals of concern. This will then enable proper consideration to be given to what should be disclosed, and the potential disclosure of any third party images

9.4 The information above must be recorded in relation to any disclosure

9.5 If an order is granted by a Court for disclosure of CCTV images then this should be complied with. However very careful consideration must be given to exactly what the Court order requires. If there are any concerns as to disclosure then the Data Protection Officer should be contacted in the first instance and appropriate legal advice may be required

10 Review of Policy and CCTV System

10.1 This policy will be reviewed bi-annually

10.2 The CCTV system and the privacy impact assessment relating to it will be reviewed bi-annually
